Conditions of Use
- Advance Booking: Eurostar tickets can be booked up to 9 months in advance. However during the summer months, there may be a reduced booking horizon. Beyond 4 months only core trains are loaded. Eurostar recommends that clients who book more than 4 months ahead reconfirm train schedule prior to leaving their country of origin.
- While discounted fares are offered for holders of certain passes the client still needs to buy a passholder fare. The pass needs to be validated prior to boarding Eurostar. Clients holding a Flexipass do not need to use a travel day on their Flexipass for a Eurostar journey.

Check-in Procedures
- Client must check-in at least 30 minutes before the departure of the train or boarding may be denied.
- Groups, passengers with lots of baggage or those needing to change tickets before travel are advised to check in one hour prior to departure.
A last minute check-in for Fully Flexible Business Premier clients with little baggage is available 20 minutes before departure.

Immigration
- Client is responsible for all immigration documentation (identity card, valid passport, visa if necessary) to permit entry into the destination country.
- Passport, baggage and security checks take place on check in at the Eurostar Terminals and/or on board the train during the journey.
- If client is not a citizen of the European Union, he is required to fill in an Immigration landing card for entry into the UK. These are provided with your ticket and are available at the Eurostar terminals and on board the train.

Refund Policy
- Refund policies vary depending on the type of fare purchased. Refunds, when authorized, can only be performed in North America. For Business Premier and full fares, a full refund is possible, less 7% administrative fee, until 60 days after the train’s departure date.
- When applicable, exchanges can be performed before departure in N. America, or in Europe by phone or at any Eurostar Station (Paris Nord, London St Pancras International, Brussels Midi, Ashford International). An exchange fee applies per person/per segment, approximately €33. In addition a 7% administrative fee will apply when performed in N. America.
- For exchanges in N. America, client must buy a new ticket and then send the unused ticket back for a refund. Allow enough time for the new ticket to be sent before departure to Europe. Not all fares allow an exchange in North America.
- In Europe, clients are able to exchange (subject to availability) their Eurostar tickets in Europe by calling: 0044 1777 77 78 77 (within the UK dial: 0 1777 77 78 77). Traveler with a phone exchange needs to check-in via the manual booth 1 hour prior to departure and inform the staff of the phone exchange and of the train time onto which she/he has exchanged. The customer needs to provide the staff with the PNR# and the tariff code (FBC). A boarding pass will then be issued and the customer will be checked in. (the customer needs to have both the original ticket and the boarding pass).
- Customer relations - For any questions or issues related to their Eurostar ticket or journey, clients should contact travel agent while in North America or dial: 0044 1777 77 78 77 from anywhere in Europe.

Miscellaneous
- Disney Pack- For families traveling on Eurostar with children under 7, Eurostar offers a complimentary children’s pack, which may be collected from staff at the Disney Express Counter.
- Guide Dogs- Please note that no pet or animal of any sort (except guide dogs) may be taken on Eurostar services. There are special discounted fares for a companion while the blind passenger pays the regular fare. After confirming the space for the blind passenger, adjacent seating space will need to be booked for the guide dog (free of charge) by calling Eurostar at +44 (0) 8705.55.33.66. Guide dogs must comply with existing Pet Travel Scheme regulations (must have a microchip, an official entry/re-entry certificate, certification of treatment against ticks and tapeworm, pet travel scheme declaration for completion by person bringing guide dog into England). Ashford and Ebbsfleet stations are not equipped for guide dogs!

Frequently Asked Questions

EUROSTAR CLASSES OF SERVICE
Q. Where can I find information on the classification of coaches on any train (split between Business Premier and Leisure Select)?
A. Socrates displays class of service availability - Look for A class of service for Business, and H class of service for Leisure Select.
Q. How does the separation of leisure and business cars work?
A. The number of cars dedicated to Business Premier and Leisure Select is allocated based on demand. This means there are more business cars in both directions on weekdays during early mornings and evenings to ensure travelers can get to and from their meetings on time. There are more Leisure Select and Standard cars in the middle of the day and at weekends as holidaymakers can be more flexible and this is reflected in the lower priced off peak fares.

Q. Will customers be able to specify a seat with a table?
A. Yes, you can specify a table seat:
Choose ISOLATED OR SOLO for single seat with table.
Choose DUO CLUB for two seats facing each other with a table between.
Choose CLUB 4 for 4 seats facing each other with a table between.

Q. Does the Express Breakfast option in Business Premier need to be preordered?
A. The Express Breakfast option is very popular but there is no requirement to pre-order this option.

Q. Is there a child Menu on Eurostar?
A. Yes you can preorder a child meal using code CHML. Please allow a min of 24hrs notice

Q. Will the wheelchair seats be allocated in Business Premier or Leisure Select/Standard Premier cars?
A. There are dedicated wheelchair seats in two cars of each train so it will depend on how the trains have been designated (Business or Leisure) as to whether the seat(s) will be in Business Premier or Leisure Select/Standard Premier cars. Fares for wheelchair space will remain the same price regardless.

Q. Can a leisure traveler or family travel Business Premier?
A. A family or leisure traveler wishing to purchase a full fare ticket (or if Leisure Select is sold out) may choose to purchase a Business Premier ticket.

PRODUCT AND SERVICES

Q. Is Wi-Fi service available on the train?
A. Wifi is available to Business Premier clients at the Eurostar lounges. We have communicated to the public about Wi-Fi because it’s not something you can keep secret. However, it’s an incredibly complex project and is some way off completion. The initial feedback we’ve had from business customers is extremely positive – they want to know when they’ll get it, not if. When it’s in place, it’ll be a major selling point for us, a real differentiator as short haul flight operators won’t be able to offer this and so it should attract a far higher number of business travelers

Q. Are there any plans to have mobile phone free carriages?
A. Currently there are no plans to have designated mobile free carriage

Q. Are compulsory round-trip fares available in and out of different cities?
A. No, both legs of trips must be between same stations or two one way tickets must be purchased.

Q. For the Eurostar fares that have one exchange locally, can clients change the date, and/or flip flop the city pair on their ticket?
A. Exchanges should only pertain to date and times. Outbound and inbound cities and direction cannot be altered (another ticket must be purchased and clients will incur applicable refund penalties)

Q. Last time I was in Europe, I saw a one-way airfare between Paris and London advertised at EURO22. How does the Eurostar service compare to the low cost airlines?
A. The low cost fares are restricted and there is very little availability of seats at that lead in price. Prices advertised are exclusive of taxes (for a EUR22 ticket you would need to pay approximately EUR15 In airport taxes). Airways are not located within the city center (refer to travel time listed above) and transfer to/from airport is costly (refer to costs listed above). Actual total cost (incl. taxes and airport-city transfers) ranges from approx. $80 to $250 for a one-way trip ($160 to $500 for round trip) Eurostar gets you straight to the heart of the city with no lengthy waits or transfers downtown.

Q. Flying into London Heathrow will the Heathrow Express train take clients to St Pancras?
A. Heathrow Express does not serve London St Pancras station. Advise clients to take Heathrow Express to Paddington station (runs every 15 minutes–travel time is approx. 15 minutes) and take the Hammersmith & City (pink line) or Circle(yellow line) directly to St Pancras Station. Travel time on the tube is approximately 25-30 minutes and a one-way ticket costs £2 (approx. $4). Clients can also take a taxi from Paddington station to St Pancras, depending on traffic the journey will take around 30mins and cost about £20 (approx. $40).

Q. Flying into London Gatwick will the Gatwick Express train take clients to St Pancras International?
A. Gatwick Express does not go to London St Pancras station. Travelers can take Gatwick Express to Victoria station (runs every 15 minutes–travel time is approx. 30 minutes) and take the Victoria line (pink line) directly to St Pancras Station. Travel time on the tube is approximately 16 minutes and a one-way ticket costs £2 (approx. $4.00). Clients can also take a taxi from Victoria station to St Pancras, depending on traffic the journey will take around 20mins and cost about £15 (approx. $30).

Q. Flying into London Stansted will the Stansted Express train take clients to St Pancras International?
A. Stansted Express does not go to London St Pancras station. Travelers can take Stansted
Express to Liverpool street station (travel time is approx. 45 minutes) and then Hammersmith & City (pink line) or Circle (yellow line) or Metropolitan (burgundy line) directly to St Pancras Station. Travel time on the tube is approximately 14 minutes and a one-way ticket costs £2 (approx. $4.00). Clients can also take a taxi from Liverpool street station to St Pancras, depending on traffic the journey will take around 30 mins and cost about £20 (approx. $40).
